According to Hunger Task Force, 1 out of every 3 children in Milwaukee live in poverty.

To date, the non-profit organization, Empty Bowls, has raised over \$300,000 to fight poverty and support local hunger initiatives in Metro-Milwaukee. Each year, their one-day annual event sells 2000 hand-made bowls donated by the community, schools, troops, and local artisans. Attendees buy those donated bowls and use them to enjoy signature soups from local area restaurants. Proceeds from each bowl go directly to local hunger banks.

Where can your troop paint a bowl to be donated, learn about hunger awareness, and earn a badge?

Art Trooper is a make-it-yourself art studio. Every year, all year long, troops come to Art Trooper for the **Art-with-Heart Program**. They paint a ceramic bowl for Empty Bowls and learn about local hunger initiatives. The bowls are fired and donated to Empty Bowls in time for their annual fundraising event. So, come paint a bowl in our large, fully equipped party room...or reserve a **“to go” kit and paint the bowls at your location**. All participants are educated on local hunger awareness. Troops will be recognized on the Empty Bowls website. We need you to paint a bowl and help fight hunger in Milwaukee! **(Other programs and activities are also available.)**

Fee: \$12.00 per Girl Scout (Includes all materials, hunger awareness education, bowl, and accommodating staff.)
Troops of eight or more are welcome to the large, private, and fully-equipped party room at no charge.
